Veterans Administration Medical Center	62	11.3%	9.2%	**

Across hospital readmissions are readmitted patients who were readmitted to this hospital or another hospital within 30 days of leaving a hospital for a related reason.

Among the 22 hospitals that treated at least 30 patients at risk for readmission from 2005-2007, all had an Actual %Readmitted about the same as the Expected %Readmitted Patients (\*\*), based on Exact 95% Confidence Intervals.

[See additional hospitals that treated at least one patient but less than 30 patients.](#)

[View Data Limitations.](#)

**Statistical Rating:** based on the Exact 95% Confidence Interval test of statistical significance.

\*\*\* Lower % than expected, \*\* same % as expected, \* higher % than expected.
